ALEXANDER JOHNSON

Software Engineer & Full-Stack Developer
New York, NY | +1 (555) 234-7819 | alex.johnson@example.com
linkedin.com/in/alexjohnson | github.com/alexjohnson

PROFESSIONAL SUMMARY

Motivated Software Engineer with 3+ years of experience developing web applications and backend services. Skilled in Python, JavaScript, React, and SQL, with experience building REST APIs, automated workflows, and scalable applications. Strong problem-solving abilities with a focus on clean, maintainable, and efficient code.

TECHNICAL SKILLS

Languages: Python, JavaScript, Java, SQL, HTML, CSS

Frameworks: React, Node.js, Flask, Django

Databases: PostgreSQL, MySQL, MongoDB

Tools: Git, Docker, VS Code, Postman, GitHub Actions

Cloud: AWS, Firebase **Other:** REST APIs, Agile Development

PROFESSIONAL EXPERIENCE

Software Engineer — TechNova Solutions, New York, NY | 2023–Present

• Developed and maintained full-stack web applications used by more than 10,000 customers.

• Designed REST APIs using Python and Flask, improving backend response times by approximately 25%.

• Built reusable React components and integrated them with PostgreSQL-backed services.

• Automated testing and deployment workflows using GitHub Actions and Docker.

Junior Software Developer — BrightCode Labs, New York, NY | 2021–2023

• Developed internal business tools using Python, JavaScript, and SQL.

• Fixed software defects and improved application reliability through automated testing.

• Collaborated with designers and developers in an Agile development environment.

EDUCATION

Bachelor of Science in Computer Science — State University of New York | 2017–2021

Relevant Coursework: Data Structures, Algorithms, Database Systems, Web Development, Software Engineering.

PROJECTS

Personal Finance Tracker

Built a web application using React, Flask, and PostgreSQL to track expenses, budgets, and monthly spending trends.

TaskFlow — Productivity Application

Created a task-management application with user authentication, project organization, and REST API integration.

CERTIFICATIONS

• AWS Certified Cloud Practitioner • Python Programming Certificate • Git and GitHub Certificate
